

The RA Material

by RA the humble messenger of The Law of One
October 2020

Lately I have repeatedly come across references to the Law of One: The RA Material, and after reviewing it, I think it is time to make this important perspective available to greater numbers of people. It provides some gravely needed guidance in this time of great distress and upheaval.

The material comes from a Group Consciousness – Ra, which is much more advanced in evolution and covers a great deal of questions you may have about Creation, why we are here on Earth at this time, and how best to move forward in a positive way for us as well as for the Greater Collective.

The Law of One material was received via channeling by Carla Rueckert and Don Elkins of the L/L Group in the early 1980s, and it has since become a classic in the field of consciousness research. However, it is not an easy read, so I have included a link to a series of YouTube Overviews produced by Aaron Abke. While Abke is not connected with the L/L Group, he is in my opinion, much easier to understand. In the first video he covers a lot of ground and lays the foundation for the videos that follow. So, if you are even the slightest bit curious as to the big questions of existence, I urge you to jump into the Law of One brought to you by Ra!

What is the Law of One? There is only one, and that one is the Infinite Creator... all things are one, that there is no polarity, no right or wrong, no disharmony, but only identity. All is one, and that one is love/light, light/love, the Infinite Creator." Anyone entering this course of material can expect to learn how to graduate from Third Density, the Density of Choice, and go on to Fourth Density, the Density of Love.

Some of the questions answered are as follows. Who are the ancient astronauts? Why did they first come to Earth? Why are they returning now? What part did they play in building the great monuments of antiquity? What

part did they play in the formation of present and earlier civilizations? With what other beings do we share our universe? And where does the Earth fit into the cosmic scheme of things?

From the Back Cover Text: “I am Ra. We came to your peoples to enunciate the Law of One. We wished to impress upon those who wished to learn of unity that in unity all paradoxes are resolved; all that is broken is healed; all that is forgotten is brought to light.”

“For thousands of years those of Ra have sought to teach the Law of One to seekers of truth on Earth who wished to learn of the unity or oneness of all things. This basic law of all creation is buried deep within each of our hearts because we really are one in love and in light, the building blocks of the universe. We are all manifestations of the One Infinite Creator. We are the Creator. We are not learning this law for the first time but are remembering it yet again as all mystics have taught throughout Earth’s history. Our journey of self-realization is the discovery or remembrance of this essential truth, our essential identity. A waking up, as some have called it, within an illusion of separation.

Don Elkins and Carla L. Rueckert worked together for 12 years to perfect the channeling process and receive philosophical inspiration and guidance from extraterrestrial sources. When Jim McCarty joined them in 1980 they began to receive a new and unique type of channeling contact from those of Ra. Through this contact, Ra shared information to help seekers of truth deepen their awareness and acceptance of self and other, and to help Earth move into the emerging fourth density of love and understanding.

This book is the transcript from the recording of that conversation between the Questioner and Ra. Through questions & answers, the metaphysical blueprint of spiritual evolution is explored, from the microcosm to the macrocosm, from the particulars of life on this planet to the life of the cosmos, to the possibilities of healing, transformation, and self-realization for spiritual seekers and wanderers.
